

EASY CARVER

The platter that grips your food for safe and convenient cutting

Product Benefits Summary

Description Easy Carver is an innovative new solution for securing foods for safe and convenient carving. This housewares product has clear advantages to existing solutions of carving foods on cutting boards, cooking sheets or disposable tin containers.

Differentiation/Uniqueness Easy Carver securely holds turkeys, roasts, hams, chickens and countless other foods without the mess or hassle. No more slipping or dripping juices all over the kitchen counters! With its patented gripping fingers, this unique platter will keep whatever you need carved in place, and will also capture natural juices for gravies or later disposal.

PRODUCT SNAPSHOT
